

# Bluetooth® 5.0 SIG Mesh Eco-system

Hytronik is the market leader for motion sensor technology in the professional lighting industry. We deliver high quality controls to the high-end professional lighting manufactures worldwide. With our strong R&D competence, we are now gearing towards Bluetooth lighting control solutions and building up a complete ecosystem of Bluetooth products.

Our eco-system consists of motion sensors, LED drivers, emergency control gear, dimmers, gateway and other components such as touch panel and quick connection box. We also cooperate with Koolmesh, Casambi, Silvair and EnOcean to provide a wider range of Bluetooth lighting solutions.

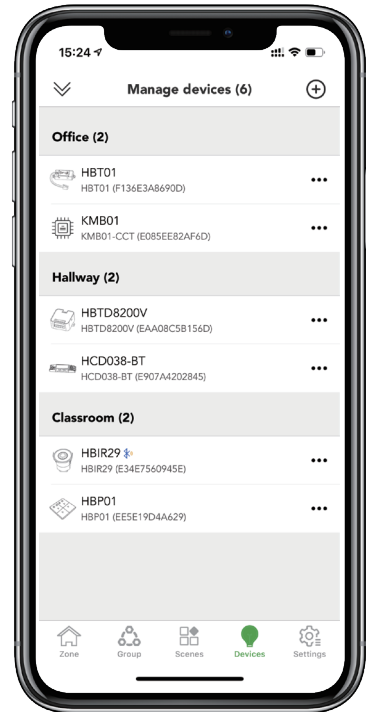

With server based in Europe, our cloud service supports remote control via gateway, emergency report generation, remote monitoring, and IoT features etc. Meanwhile, we are open for all kinds of customization possibilities at affordable prices, including the product, app, cloud and server.

With dedicated phone/tablet app and web platform, Hytronik Bluetooth solution caters for small-scale installations such as residential and large-scale installation in commercial and industrial applications. For new projects, or retrofit upgrade projects, the Bluetooth products have significantly reduced the labor cost for wiring thanks to the wireless mesh networking. Besides, not only does our powerful solution fulfill the challenging requirements in real application, what's more, the whole setup and commissioning process has been simplified with synergy of intuitive user interface and strong technical support from Hytronik team. Meanwhile, future maintenance and on-site troubleshooting has never been so quick, simple, and flexible!

## Highlight Features with our Bluetooth® Products

- NEW!**  Quick setup mode & advanced setup mode
- NEW!**  Device social relations check
- NEW!**  Staircase function for quick master & slave setup
- NEW!**  Floorplan feature to simplify project planning
- NEW!**  Web app/platform for dedicated project management
- NEW!**  Remote control via gateway support HBGW01
- NEW!**  Deep environment learning
-  Grouping luminaires via mesh network
-  Scenes
-  Dusk/Dawn photocell (Twilight function)
-  Tri-level control
-  Daylight harvest
-  Circadian rhythm (Human centric lighting)
-  Push switch configuration
-  Detailed motion sensor settings
-  Schedule
-  Astro timer (sunrise and sunset)
-  Power-on status (memory against power loss)
-  Offline commissioning
-  Bulk commissioning (copy and paste settings)
-  Different permission levels via authority management
-  Network sharing via QR code or keycode
-  Interoperability with Hytronik Bluetooth product portfolio
-  Compatible with EnOcean BLE switches
-  Internet-of-Things (IoT) featured
-  Device firmware update over-the-air (OTA)
-  Continuous development in progress...

# Bluetooth® 5.0 Motion Sensors for OEMs

## Motion Sensor: Integrated Version

### Simple, and powerful!

- Microwave (HF) sensor with On/Off control
- Mesh network – perfect replacement for RF
- Daylight control always prior to motion

### Super Compact!

- Microwave (HF) sensor with DALI output
- Tri-level dimming & Daylight harvest
- Daylight control always prior to motion

## Motion Sensor: Detached Version For metal luminaire design

### Control Base + Bluetooth Sensor Head

6 types of Microwave/PIR sensor head options!

## Motion Sensor: Detached Version For plastic luminaire design

### Bluetooth Control Base + Sensor Head

11 types of Microwave/PIR sensor head options!

# Bluetooth® 5.0 Quick Connection Box

## Features

- Supports On/Off, Switch Dim, 1-10V, DALI and emergency control
- 2 Push switch inputs
- 2 hooks on plugs to secure good connection to the main socket
- Double terminals for loop-in and loop-out to the next quick connection box
- **linect** system enabled
- QCB02 & QCB04: 4 alternative Bluetooth modules of On/Off, 1-10V, trailing edge and DALI

Model	Plug Type	Bluetooth	Channel Outputs
QCB01	Wieland	N/A	8 Channels
QCB02		 Built-in	6 Channels
QCB03	Wago	N/A	8 Channels
QCB04		 Built-in	6 Channels

Hytronik provides various options of plug cables. Plugs on both ends can be fitted either with Wieland plugs, Wago plug or just loose ends. Meanwhile, we also offer flexible cable options from 3-core to 6-core, length from 1 meter to 20 meters.

## Connecting to **linect** System

Linect is a universal connection system for recessed luminaires. With Hytronik cable fitted with Wago plug, our QCB series is ideal for Linect ready luminaires to maximize installation efficiency and minimize labor cost significantly.

# Typical Application for Office (Human Centric Lighting)

## — — One-stop solution in Hytronik!

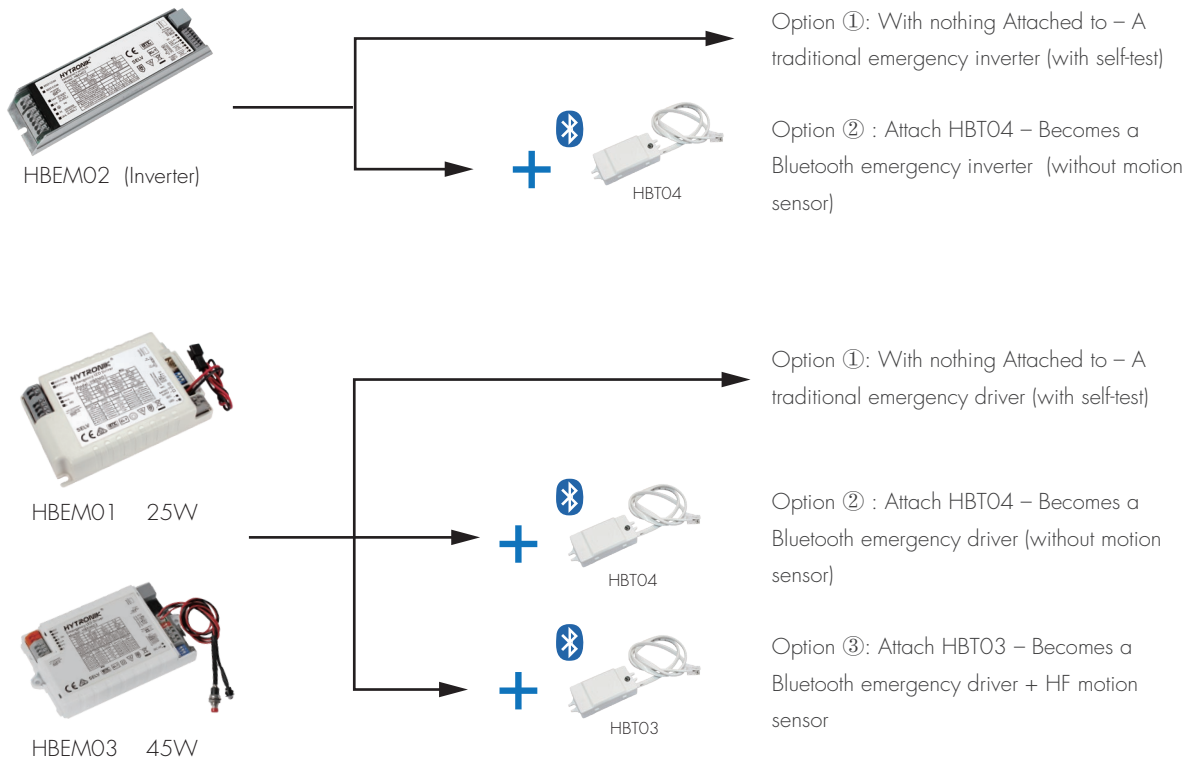

Different from other complex system, Hytronik offer a simple yet decentralized one-stop solution to achieve Human Centric lighting. It cuts at least 50% to 60% in costs as compared to traditional complex wiring system. This solution is based on Bluetooth together with an intuitive and portable app; it does not require complicated PC tools to set up and configure. What's more, our Bluetooth solution is futureproof with OTA upgrade capability. With services of tailor making Bluetooth solution including app, products, server and cloud, this solution brings flexibility and versatility to adapt to each customer's requirements at affordable prices.

What you need	What you get
 HBIR29 x 1	<ul style="list-style-type: none"> <li>PIR motion sensor</li> <li>Bluetooth enabled and controllable via app</li> <li>Human Centric Lighting Control</li> <li>Daylight Harvest</li> </ul>
 Push switches x 2	<ul style="list-style-type: none"> <li>Manual control: turning on/off, brightness adjustment, colour tuning, recall scenes etc.</li> </ul>
 HED8045 x 8 for LED panels	<ul style="list-style-type: none"> <li>DALI-2 DT8 LED driver (Can also be any other DALI DT8 drivers in the market)</li> </ul>
 HBP01 x 1 (Optional)	<ul style="list-style-type: none"> <li>Bluetooth touch panel</li> <li>Can recall up to 6 scenes</li> <li>Designed to fit into electrical/junction box</li> <li>Brightness adjustment &amp; colour temperature tuning</li> </ul>
 QCB01 x 1 or QCB02 x 1 with cables and plugs (Optional)	<ul style="list-style-type: none"> <li>Labour cost saved significantly</li> <li>Simplify wiring on site via plug 'n' play</li> <li>Linect wiring system enabled</li> <li>Hassle-free maintenance after installation</li> </ul>
 HBGW01 gateway x 1 (Optional)	<ul style="list-style-type: none"> <li>Accessibility to remote monitor &amp; control</li> <li>Internet-of-Things (IoT) featured</li> </ul>

# Bluetooth® 5.0 Emergency Drivers & Inverter

## Bluetooth 5.0 Emergency Control Gears

5-in-1 !  
Bluetooth + driver + emergency + motion sensor + daylight sensor

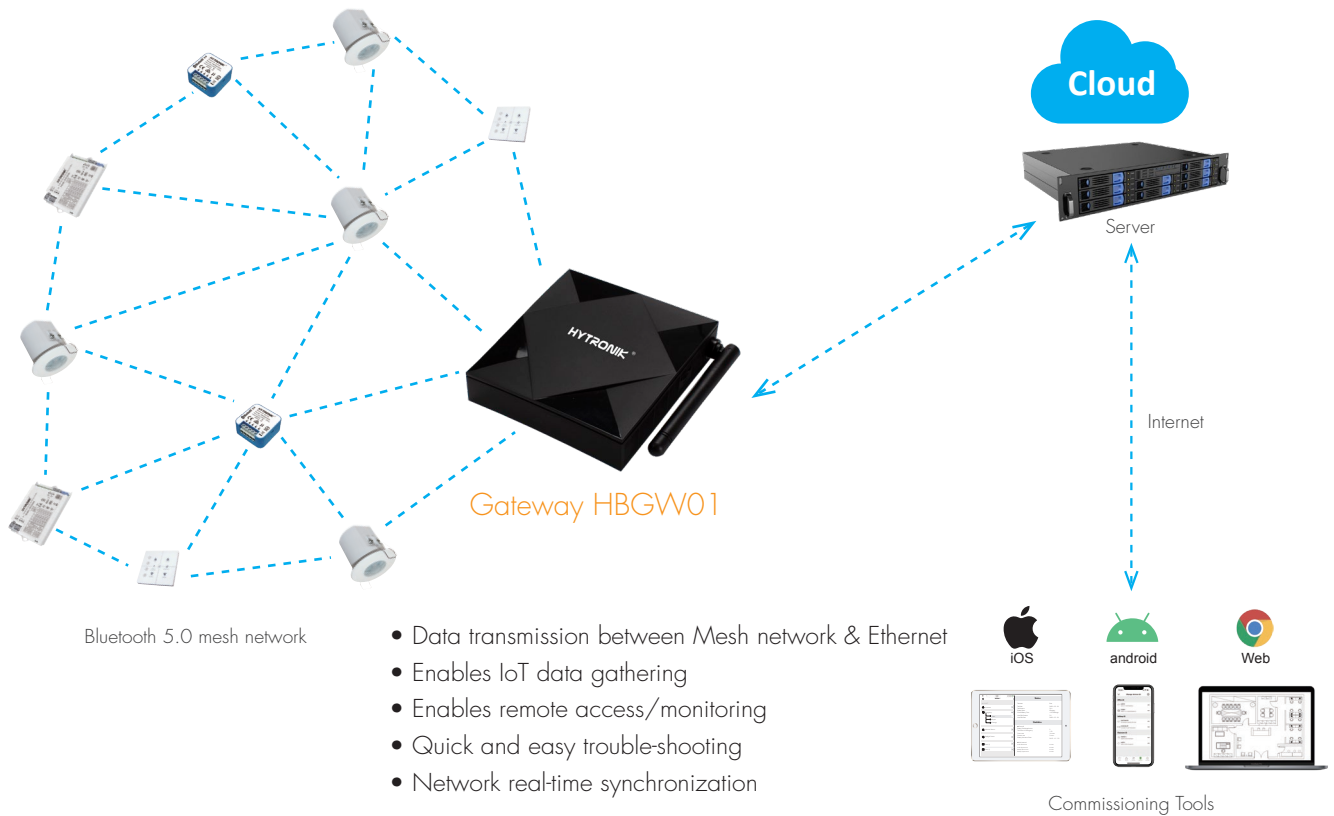

### Features:

- \* Emergency watt: 2W/3W/4W/5W
- \* Works with LiFePO4 battery
- \* Various emergency working mode:
  - Normal mode
  - Rest mode
  - Inhibit mode
  - Extended emergency mode
- \* Monthly / Quarterly / Yearly self-test with auto report generation
- \* Automatic email notification when detecting fault
- \* Real-time site alert
- \* Retrievable usage data and history record

# Bluetooth® 5.0 Gateway & Web app platform

## Bluetooth 5.0 Gateway HBGW01

## Web app platform

[iot.koolmesh.com](http://iot.koolmesh.com)

- Smart control for connected lighting
- Intelligent building management system

- Internet-of-Things (IoT) featured
- Auto report-generation

# Bluetooth® 5.0 Dimmers / Receivers / Controllers

## Bluetooth 5.0 Dimmers / Receivers for Projects

<p>ON/OFF Relay Switch</p>  <p>HBTD8200S ※ 400VA max. LED load</p>	<p>0/1-10V Version</p>  <p>HBTD8200V ※ 400VA max. LED load</p>
<p>DALI Version</p>  <p>HBTD8200D ※ 100mA max. 50 LED drivers</p>	<p>Trailing Edge Version</p>  <p>HBTD8200T / HBTD8200T2 ※ 150VA max. / 2 x 100VA max</p>

### Trailing Edge Example

Out with the old....

Replace the triac dimmer switch face plate with retractive switch type.

In with new....

The retractive switch inputs may be configured for on/off control, dimming control, and even scene recall!

\* Excellent for domestic home-use or retrofit upgrade!

## Bluetooth 5.0 Receiver Nodes for OEM

<p>ON/OFF Relay Switch</p>  <p>HBTD8200S/F ※ 400VA max. LED load</p>	<p>0/1-10V Version</p>  <p>HBTD8200V/F ※ 400VA max. LED load</p>	<p>DALI Version</p>  <p>HBTD8200D/F ※ 100mA max. 50 LED drivers</p>	<p>Trailing Edge Version</p>  <p>HBTD8200T/F ※ 150VA max. LED load</p>
---	---	---	---

\* Two Switch-Dim (PUSH) terminals

\* Designed to be placed inside lighting fixture

\* Master & Slave control by working with motion sensors

\* A perfect builtin Bluetooth controller for OEMs!

# Bluetooth® 5.0 LED Drivers

## Dimmable Version

  <p>HED1009/BT 9W</p>	  <p>HED6010/BT 12.5W</p>	  <p>HED1025/BT 25W</p>

# Bluetooth® 5.0 LED Driver+Sensor Combo

\*Hex-Drive+Sensor

			
HED1025 25W (DALI DT6)	HED1045 45W (DALI DT6)	HED1050L 50W (DALI DT6)	HED1050H 50W (DALI DT6)
			
HED1080H 80W (DALI DT6)	HEC7030/BF 30W (DALI-2 DT6)	HED8040 40W (DALI-2 DT8)	HED8045 45W (DALI-2 DT8)

## \*What is Hex-drive?

Hex-drive is the flagship product range of Hytronik LED drivers, designed to integrate various functions for maximizing luminaire design flexibility. This driver series comes with an RJ12 connector which is ready for attaching a wide range of Bluetooth sensor "heads", ranging from microwave (HF) to PIR, from low-bay to high-bay...

When motion sensor unplugged, the Hex-drive alone is a standard DALI compliant driver, possessing 1-10V and Switch-Dim (PUSH) dimming capability as well. All Hex-drive models have multiple current selection feature via DIP-Switch settings.

6 types of Microwave/PIR sensor head options!

## Bluetooth 5.0 Driver + Sensor

	
HBE9028/KD 28W	HED7030/BT 30W
	
HED8040/BT 40W	HED8045/BT 45W

11 types of Microwave/PIR sensor head options!

# DT6 & DT8 LED Drivers

Dimmable Version

 <p>HED1009/D2 9W (DALI-2 DT6)</p>	 <p>HED6010/D2 12.5W (DALI-2 DT6)</p>	 <p>HED1025/D2 25W (DALI-2 DT6)</p>

# Approvals and 5-Year Warranty

## Approvals

Hytronik products are designed to international safety and performance standards as applicable and are manufactured in our ISO9001 factor to our own stringent requirements.

It is our policy to seek 3rd party certification with a recognised international body on our standard product range so you can supply with confidence.

## 5-Year Warranty

All Hytronik products are supplied with a 5-year warranty against defect in design or manufacture. The warranty applies to all electronic control gears supplied by Hytronik and is applicable to the party to which the sale was made. The warranty is not transferable to a 3rd party and compatibility with external components are the responsibility of the finished goods manufacturer.

With today's multi-national sourcing strategies, we offer an unrivalled universal warranty with support available in regions where Hytronik has its own office or authorized representation, regardless of where the Hytronik product was purchased. Furthermore, we operate a 24-hour response policy to any claim.

The full warranty policy is available upon request or from our website.
